

## News From Your Beavercreek Parks, Recreation & Culture

**Local Parks & Recreation are improving communities through health and wellness.** Leading the nation to improved health and wellness through parks and recreation!

### February Department Updates:

#### Parks

The Creekside Trail is a great place to run, walk, bike, or, in the winter, cross-country ski! The Creekside Trail is not cleared of snow in the winter in order to allow for wintertime recreation. Cross-country skiing is a great way to get some fresh air and your heart rate up. Runners and walkers should be careful though. Even on warmer days there may still be slick snow and ice on areas of the trail! Please always use caution and keep in mind changing trail conditions whether on your feet, wheels, or skis. Wondering where to access the trail?
